C2F AND OTHER ARMY HEADQUARTERS SPACE PROGRAM

This attachment is reserved for inserting the Space Program for individual Army HQ RFPs. Since each organization authorized an Army HQ is unique, develop single a consolidated space program for all intended building occupants to achieve maximum efficiency of shared and support (e.g., mechanical / electrical) spaces using the procedures outlined in Attachment B. Conceptual drawings follow Space Program.

[Note to Planner: Insert Space Program tables here for Army HQ, prior to drawings below.]
This legend contains some of the furniture for conceptual purposes. See Table 3.13.1.1 in the SOW for full coordination of furnishings.
